CASTELL SON CLARET

THE LUXURY OF BEING YOURSELF

Castell Son Claret is a privately owned and individually managed property with a real sense of belonging, drawing inspiration from its gardens, the surrounding estate and the local society.

Since its opening in spring 2013, Castell Son Claret has not only made a name for itself as one of the most exclusive luxury hotels on Mallorca but has also steadily evolved. In addition to a multitude of careful changes and upgrades, it is above all the unique natural atmosphere and the feeling of being at home that makes the difference.

The team will welcome you warmly and share their personal Mallorca insights - regardless of whether you are arriving for the first time or are already a regular guest.

HOTELS

The 132-hectare grounds of Castell Son Claret offer everything that a Mediterranean retreat should provide for an unforgettable holiday: tastefully and generously furnished rooms and suites, a spa with wellness, massages, indoor pool, and hammam, as well as a large infinity pool with a spacious terrace and unmistakable views.

The two hotel restaurants with their exquisite and innovative range of dishes, local and international top wines, drinks and snacks round off the experience: Olivera with its large terrace is the heart of the hotel. Here, chef Pep Forteza serves you his interpretation of local and Mediterranean dishes with the best ingredients from the region and the hotel's own bakery, delivering ecological breads and pastries throughout the day.

Enjoy gourmet cuisine of the highest standard at Sa Clastra, the fine-dining restaurant under the aegis of chef Jordi Cantó. In summer, sit in the courtyard of the Castell and enjoy these delicacies under the starry skies of Mallorca.

T GOLF CALVIA

Lying just 12 kilometres from Palma, T Golf Calvia is one of the island's true golf treasures. Originally designed by famed golf architect John Harris in 1978, T Golf, has recently undergone a complete renovation of its course and clubhouse. A challenge to every level player, T Golf Calvia hosted the Rolex Challenge Tour Grand Final professional tournament two years in a row, on 2020 and 2021. More than just a great golf course, T Golf is a way of life. Come enjoy.

The course runs through majestic stands of Mediterranean pines with fairways that are dotted with strategically placed bunkers and a total of 15 beautiful yet treacherous lakes. All of this leading to the redesigned, undulating greens that are some of the largest on the island. Playing a round at T Golf with the sea to one side and the Tramuntana Mountains to the other, offers the perfect way to immerse yourself in nature and surround yourself with all the beauty of the Mediterranean. After the round, a stop in the newly renovated clubhouse for a drink on the terrace or to experience the finest in locally sourced Mediterranean cuisine is not to be missed.

SON ANTEM
GOLF CLUB

The Hacienda Son Antem Golf Resort, Autograph Collection opened last July 2022 after a complete refurbishment, becoming the first Autograph Collection hotel on the island of Mallorca, one of the premium brands within the Marriott International portfolio.

Located in Lluçmajor, in the south of Mallorca, the five-star hotel is inside the Golf Resort Son Antem, in an attractive rural setting twenty kilometres from the cultural capital, Palma, fifteen minutes from the international airport and very close to the island's main sandy beaches (Es Trenc, Ses Covetes).

The Hacienda Son Antem Golf Resort, Autograph Collection has 143 rooms featuring balconies or terraces, 4 Superior rooms and 4 suites with extensive corner terraces spread over a two-storey building. The 151 rooms have been completely refurbished providing a seamless connection between design and local tradition that will undoubtedly inspire travellers to rediscover this Resort, experiencing Autograph Collection's signature hospitality: "Exactly like nothing else".

The property offers a wide variety of facilities to keep everyone entertained. Guests can unwind by

the swimming pool, use the wellness area or enjoy marvellous landscape views while doing a workout in the gym. The hotel has large landscaped outdoor areas and a large terrace. The two restaurants in the hotel offer guests the opportunity to try delicious Mediterranean and international cuisine. After dinner, guests can enjoy a cocktail in the lounge bar or watch the sunset at the swimming pool bar.

The hotel is surrounded by two internationally renowned 18-hole golf courses. **Son Antem Golf Club** also has one of the most impressive golf academies in Spain, with large facilities and advanced learning tutorials for all levels and ages.

The East Course (1994) has a classic design, with flat greens with little defence around them. Recently it has been reshuffled with a new irrigation system, new bunkers, tee boxes and drainages in all the course. Its Bermuda greens will bring a different feeling when approaching and putting.

The West Course (2001) is more demanding, with a very technical back nine which will make you use all the clubs in your bag. Three large lakes that come into play on five holes will test players' skill.

WANTS TO

EMOTION

Mallorca is a spectacular destination that stands out for generating immediate positive and qualitative impressions in all age categories as well as in the world of corporate and business. Mallorca stands also for tennis as the island has produced two world number 1 players, such as Rafael Nadal and Carlos Moyà.

The world's best tennis players like Daniil Medvedev, Novak Djokovic, Dominic Thiem, Stefanos Tsitsipas & Nick Kyrgios were part of the Mallorca Championships organized by e|motion in the previous editions. During the last week of June, the island becomes the tennis capital of the world, and you can't miss it. From the 24th of June until the 1st of July 2023, world-class tennis returns to the island!

In October 2022, e|motion organized the second edition of Mallorca Golf Open, part of the DP World Tour. The fans of Golf had the opportunity to see their idols in the tournament held by Son Muntaner. The event goes beyond golf offering a unique experience for all the visitors. Amazing golf, relaxed atmosphere, celebrities, and a great supporting program: the Mallorca Golf Open features all ingredients to offer what a golf heart desires.

Very soon we will have great news about the third edition of the Mallorca Golf Open, and who knows, maybe with a big surprise for golf fans! Stay tuned!

REAL GOLF BENDINAT

One of the most dramatic courses on the island, Real Golf de Bendinat runs through the rugged terrain just outside the city of Palma. Weighing in at just 5,668 metres, this par 70 is one of the shorter courses in Mallorca but what it lacks in distance it makes up for with some truly unique and beautiful holes and no matter how you shoot the scenery makes it well worth a visit.

Designed by F.W. Hawtree and opened in 1986, expect the unexpected at Bendinat. From the very first hole the player will get a feel of what Bendinat is all about. The elevated tee, blind shot, tight out of bounds, the bunkerprotected green are all things that the player will have to contend with throughout the round. In other words be prepared for some precision play and a bit of guessing. The good news is once you have played Bendinat and learned its tricks your scoring will certainly improve for this is a course you will want to play more than once.

Natalia Seoane
PALMA CONVENTION CENTER

Natalia Seoane (Sada, A Coruña, 1983) studied at the Centro Superior de Hostelería de Galicia and later began her professional career at Meliá Hotels International, a company to which she has been linked ever since, working in numerous hotels such as Gran Meliá Fénix (Madrid), Gran Meliá Rome Villa Agrippina, and Meliá Barcelona Sarriá. In Mallorca, she has been the director of Hotel Palma Bellver, Gran Meliá Victoria, and Gran Meliá de Mar, which she positioned as one of the world's best luxury establishments, being a member of the exclusive Leading Hotels of the World group.

In her new role as the director of the Palau de Congressos de Palma and its hotel, Meliá Palma Bay, Natalia faces the challenge of further opening up and consolidating MICE tourism in Mallorca.

“We want Mallorca to become the new global benchmark for MICE tourism.”

What does this project mean to you?

It is an exciting professional challenge since it involves the largest infrastructure for events in the Balearic Islands. In addition to the responsibility that entails, what attracts me the most about this project is the possibility of contributing to the development of an innovative, responsible, and sustainable MICE destination brand for Mallorca, making us a new global reference for business tourism. After these months at the helm of the Palau de Congressos.

How do you see the MICE landscape on the island?

Since its opening in 2017, the response from the market, both local and national, as well as international, has been spectacular. Undoubtedly, it is the result of great teamwork, both public and private, to launch and consolidate the destination. But it also demonstrates the enormous appeal that Mallorca has for the MICE segment, not only because of its strategic location in the Mediterranean and its climate but also due to its excellent hotel infrastructure, air connectivity, diverse cultural offerings, and complementary factors. In short, we have all the ingredients to become a top destination in Europe for business tourism, and the results prove it. Last year, just coming out of the Covid pandemic, the Palau recorded its best performance in history, surpassing all expectations. And we are only at the beginning! I believe that the future is very promising for the sector.

What is your main objective at the helm of the Palau de Congressos de Palma?

The work carried out so far by Meliá Hotels International, with Ramón Vidal at the helm—a great expert in the industry—has been exemplary. The initial objectives have been surpassed, and the foundations have been laid for a public-private collaboration that is necessary to generate confidence in the destination. I would like to contribute my bit and ensure that the Palau is not only a tool for generating economic wealth in the destination but also that our impact on the environment becomes increasingly widespread and positive. For example, by supporting the most vulnerable groups in the city or promoting measures that help us reduce our environmental footprint, which should be a priority on our agenda today.

How does a woman face the challenge of directing a space like this?

I must say that I am fortunate because throughout my career at Meliá, I have had the opportunity to grow professionally and always surround myself with great teams that have accompanied me on this journey. There are certain qualities that I believe are closely linked to leadership ability, such as talent, perseverance, effort, education, and a desire for self-improvement, which have nothing to do with gender but rather with the individual. But in our profession, one needs to have a genuine passion for what they do, a lot of empathy, and great attention to detail.

I believe that women, in general, possess these qualities, and I think we can contribute a lot to this industry. I put a lot of passion and enthusiasm into everything I do, and that shapes my day-to-day life. In your previous role as the director of Hotel de Mar (Gran Meliá), you managed to “make it” onto the list of Leading Hotels of the World and become a luxury benchmark in Mallorca.

What do you think the island brings to the luxury sector?

Absolutely everything. Mallorca is an extraordinary destination to enjoy 365 days a year, and in the last decade, it has undergone an incredible transformation. The industry has understood the importance of catering to this high-net-worth customer segment, who spends more in the destination and generates a greater reputation. Nowadays, we have one of the best hotel infrastructures in the Mediterranean, extensively renovated. In fact, we have seen how major international chains have made their investment here with their luxury brands. The safety provided by the destination is also a very important factor in attracting high-net-worth customers, and, of course, the complementary offerings have also made a tremendous qualitative leap.

SANTA PONSA I

Santa Ponsa I is the first in a group of three courses, although its sister courses, II and III, are both private member's only clubs. Number I, of course, was the first built, that back in 1977 with design by Folco Nardi and José Gancedo. Since then it has been the site of numerous tournaments including six Balearic Opens and the European Club Championship.

Santa Ponsa I is one of the longest courses on the island. At 6,543 metres from the white tees distance is a major factor here. This is especially true on the 590 metres, par 5, 10th hole, one of the longest in all of Europe. There are also two other par five holes of over 500 metres, five par fours of over 400 metres and a 220 metres par three. The good news is that the fairways are generally wide and allow ample room for you to really go for it off the tees. Then again the numerous water hazards and bunkers will help keep you in line.

LOLO GARNER

Tech Sculptor

Lolo Garner is an artist who works with new design technologies applied to art. With a background in industrial design, numerical control, and robotics, he creates extremely complex and large-scale pieces, generating organic, continuous, and harmonious configurations. Garner seeks the participatory gaze of the viewer and their integration with the artwork, resulting in stable kinetic experiences.

Garner's work takes advantage of the intrinsic effect that exists in the movement of the visual and delivers sculptures that attract the observer towards their interior, discovering new sensations and interacting with the artwork, experiencing the fourth dimension and gaining new perspectives.

This year, Garner has been chosen by the committee of "Burningman Arts and the BCR Honoraria" (among over 610 projects from around the world) as the Artist of the **Burningman 2023** festival with the piece *Almas marinas*, a large winged turtle that advocates for the protection of seas and oceans. This magnificent artwork will be exhibited at the festival in the Black Rock City's desert in Nevada.

This achievement marks another milestone in the meteoric career of this Mallorcan artist.

Lolo Garner's constant research and development into new art techniques have led him to undertake projects of large-scale works both in Spain and internationally.

Garner's sculptures are found in various areas of society, including institutions, companies, and private collections, creating unique and exclusive concepts of contemporary art that culturally disrupt and activate the spaces they inhabit.

THE FACTORY ART

Garner is the creator of a new concept of collaborative art with artists from different disciplines, incorporating technology into his works, both in processing and using state-of-the-art materials. This concept offers new approaches to art creation in installations that embody a New York-style blend of leisure, art, and technology.

SANTA PONSA II

Built in 1991, with design by José Gancedo, the Golf Santa Ponsa II course is 6.053 meters, 18 holes (Par 72). Golf Santa Ponsa II is the only private use Golf Course in Mallorca for its members. The holes of Golf Santa Ponsa II are situated between a big pine woods forest and large lakes. In the first part the golf player have to be careful and precise through all those pines woods and in the second part the golf player can risk a little more with long and powerful strokes between great lakes. The 18th hole is a very interesting Par 3 where the green is situated in a piece of land which is the shape of the island of Mallorca.

Is a peacefull and enjoyable Golf Course which respects the natural environment. Proof of this is that you could enjoy seeing more than 400 birds and one of the most distinctive is the "Porrón Pardo" or "Aythya Nyrocca", endangered species, the "Somormujo Lavanco" or "Podiceps Cristatus" so difficult to see in the Balearic Island, and also the "Martín Pescador" or "Alcedo Atthis" among many others. This course also offers the facilities to improve the game, with a driving range 350 meters in length with tees at both ends of 100 meters each, putting green and chipping area.

Ramón Sánchez
HOTEL SON CALIU SPA OASIS

As the General Manager of Hotel Son Caliu Spa Oasis for the past 7 years, what is your assessment of these years?

The assessment is clearly very positive from both a personal and professional standpoint. Personally, being able to work with the Graf family is a privilege. Their professionalism, along with their human character, is very present in the hotel. This greatly facilitates the work of any professional. During these years, a significant transformation has taken place, both in terms of facility modernization and management systems, with the aim of offering an unforgettable experience to our clients.

How does Hotel Son Caliu Spa Oasis work to stand out in its tourist offering given the large hotel base in Mallorca?

Although there is a wide range of hotels in Mallorca, Hotel Son Caliu Spa Oasis is a benchmark hotel and one of the most emblematic on the island. We are a 4-star superior hotel with a great team where guests can find an ideal place to relax and enjoy their vacations. We constantly work on improvements to provide quality service to our clients. In addition to that, we offer facilities and services such as renovated rooms with elegant designs, high-quality fabrics, a 1000 m2 spa dedicated to relaxation, direct access to the beach, a carefully curated gastronomic offer with restaurants and bars, and two fully equipped meeting rooms for any event. It is also an ideal place for sports activities such as golf, with 10 golf courses located within a 30 km radius. We have a cycling center where guests can rent bicycles and all the necessary equipment for this sport. All of this allows us to offer our clients a range of possibilities to have a great vacation experience.

How do you balance sustainability and digitalization while maintaining a high standard of hospitality for clients?

The hotel has international certifications for quality management and environmental management, as we understand that this is the path to follow for our clients and employees. I believe we must be responsible and make responsible use of the resources we have while maintaining high standards of quality in service. We have also been investing in digitalization processes for some time now to make the customer experience more enjoyable, as the customer should always be the reference when making decisions.

Do you have any ongoing projects that you can share with Lux Golf?

The hotel is constantly undergoing renovation, and new projects are launched every year. This winter, all the rooms in the building will be redecorated in a Mediterranean style, and new “Son Caliu” suites will be created. Regarding sustainability, new boilers will be acquired, and photovoltaic panels will be installed to improve the energy efficiency of the facilities.

GOLF DE VALL D'OR

Vall d'Or or golden valley lies on the islands south east coast. Due to the terrain, playing a round here is like playing two different courses. The front nine is characterised by rolling fairways lined with pine, almond and olive trees while the back offers wider fairways as the course works its way down to the sea.

CLUB DE GOLF SON SERVERA

"Club de Golf Son Servera is, for the greatest part, a gently undulating 18 holes parkland course with generous fairways and rough, situated on the beautiful coast of Costa de los Pinos. Many evergreen oak, pine, olive, carob and palm trees line the path to the green. Holes 3 to 7 are undoubtedly different as narrow tree lined fairways venture into the hills and twist between the lakes and pines making this stretch the toughest test on the course. All parts of the course give fine views of the pine clad mountains and from many holes there are splendid views over the Bay of Cala Millor.

After your round the restaurant Costa De Los Pinos awaits it's clients with traditional mediterranean dishes and an outstanding view of the 18th hole and the bay of Llevant.

CAPDEPERA GOLF

For pure uninterrupted golf you'd be hard pressed to beat Capdepera. There is hardly a building in sight and no off course noise to disturb your round here. Designed by American course architect Dan Maples and opened in 1989, Capdepera is not a very long course, measuring just over 5,800 metres from the white tees but don't let that fool you. The great variety of holes means to score well here you'll need every club in the bag.

T GOLF PALMA PUNTIRO

When T-Golf Palma first opened in 2006 as Golf Puntiró, it quickly became a must play course for golfers visiting Mallorca. Today, after a complete renovation carried out by new owners, T-Golf Group, it is even more so. The stunning parkland-style, brings American style golf to the heart of the Mediterranean.

Winding its way through rolling green hills and stands of indigenous pine, olive and carob trees, T-Golf Palma is a par-71, measuring 6,047m from the Championship (White) tees. A challenge to all level players. Whether you golf or not, T-Golf Palma is worth the visit just to check out the spectacular clubhouse where there is a fully stocked pro shop and numerous terraces to enjoy a drink and the wonderful scenery. Another highlight is T-licious Restaurant overlooking the 18th hole. The modern Mediterranean cuisine they serve and the setting round out the experience.

The championship course, state-of-the-art clubhouse and gourmet cuisine combine to make T-Golf Palma more than a golf course, it's a destination.

MENORCA, THE LUXURY OF BEING NATURAL

The Balearic island is proud of its status as a Biosphere Reserve, a title that acknowledges its commitment to sustainability and authenticity and that gives it a reputation as quality tourism destination.

"Nowadays luxury is in peace and quiet, in good living, in nature... in what is authentic. And Menorca has all this". The quote is from Alex, a Parisian who came to the island as a tourist barely two years ago, had – in her own words – a "coup de coeur" and decided to make her second home in the countryside just a few kilometres from Sant Lluís.

Like her, many travellers have felt an *attrance* for this Balearic island, perhaps the least known of them all and also perhaps, because of that, the most surprising. Because Menorca, and those who have visited it know this, leaves nobody untouched. It's probably because of its authenticity, as Alex says, an increasingly highly-rated value that many destinations use but few actually possess.

La variedad de actividades deportivas disponible en Ibiza resulta muy atractiva y diversa, pues no faltan retos y entretenimiento para todas las edades y todos los niveles de experiencia. De hecho, el calendario anual de eventos deportivos de la isla incluye competiciones de ámbito nacional e internacional en pruebas de cicloturismo, maratón, triatlón, vela, trial, bicicleta de montaña, natación en aguas abiertas, rally, carreras de atletismo, ... ¡Una razón más para mirar la agenda y programar una escapada a Ibiza!

Walk through a silent valley hidden from the hustle and bustle, circumnavigate the coast by boat, search for fish under the surface of the sea, admire the rural landscape on horseback, cycle to the top of Sa Talaia, the highest mountain on Ibiza, discover the most beautiful spots along the coastline on board a kayak or stand-up paddleboard, play golf, ride a jet ski, explore caves, shipwrecks and other deep-sea treasures, go windsurfing or kitesurfing, etc.

The variety of sporting activities available in Ibiza is very diverse and attractive, with no shortage of challenges and entertainment for all ages and all levels of experience. In fact, the island's annual calendar of sporting events includes national and international competitions in cycling, marathons, triathlons, sailing, trial biking, mountain biking, open water swimming, rallies, athletics races, etc. All the more reason to look at the calendar and plan a getaway to Ibiza!

Diversión más allá de la toalla

Con 210 kilómetros de litoral y un clima muy benigno, la isla no escatima en rincones ni oportunidades para alejarse de la tumbona y regalarle al cuerpo buenas dosis de acción marina. En los diferentes núcleos turísticos y en numerosas playas y calas, el viajero encuentra una amplia oferta de empresas especializadas en actividades acuáticas y náuticas: esquí acuático, kitesurf, paddle surf, kayak, buceo de superficie, paseos en patinetes acuáticos, hinchables o motos acuáticas; pesca, parasailing... Sin olvidar las escuelas que ofrecen cursos de vela y submarinismo. ¡Un montón de buenas tentaciones para abandonar la toalla y echarse al mar!

Fun beyond the towel

With 210 kilometres of coastline and a very mild climate, the island has no shortage of places or opportunities to get away from the sun lounger and give your body a good dose of sea action. In the various tourist resorts and at numerous beaches and coves, travellers will find a wide range of companies specialising in water and nautical activities: water skiing, kitesurfing, paddle surfing, kayaking, snorkelling, rides on pedalos, inflatables or jet skis, fishing, parasailing, etc. Not to mention the schools that offer sailing and scuba diving courses. A whole host of good reasons to get off your towel and head out to sea!

GOLF IBIZA

With an extension of more than ten kilometers of intense countryside, the Golf Course is located just seven kilometers from the capital of Ibiza and is halfway between the towns of Jesus and Santa Eulalia. In addition, in the municipal area of Santa Eulalia, it has two courses with very different characteristics located in a beautiful valley near the Ibizan coast, from where you can appreciate the unique and spectacular views. The design and courses allow you to enjoy golf with family and friends whilst taking pleasure in the scenery.

Among the changes in the facilities are great improvements in equipment, maintenance and conditioning of the Golf Course, where both the Greens, as well as the bunkers and the extensive routes of the lanes, have been carefully maintained and improved in great detail.

PART OF DESTINATION BY HYATT

Acción al aire libre los 365 días del año

La mejor manera de admirar la Ibiza auténtica que pervive en campos, valles y bosques es hacerlo al ritmo pausado que marcan los paseos a pie o en bicicleta. La isla dispone de una amplia red de rutas de ciclismo de montaña y senderismo adecuadamente trazadas y señalizadas, por lo que resulta muy sencillo incluir esta actividad durante las vacaciones. Se puede obtener información sobre las diferentes rutas y sus niveles de dificultad -bajo, intermedio y alto- en los portales de información turística de los municipios, así como conocer la programación de rutas guiadas gratuitas organizadas por los ayuntamientos a lo largo de todo el año.

El cicloturismo, el golf y la hípica son otros de los deportes que se pueden practicar en Ibiza durante todo el año gracias a las suaves temperaturas que se registran de media en las diferentes estaciones y a la oferta de empresas especializadas que proporcionan equipamiento para la práctica de deportes al aire libre.

Outdoor action 365 days a year

The best way to admire the authentic Ibiza that survives in the fields, valleys and forests is to do it at a leisurely pace on foot or by bicycle. The island has an extensive network of mountain biking and hiking routes that are well marked and signposted, making it very easy to make this activity part of your holiday. Information on the different routes and their levels of difficulty - low, intermediate and high - can be obtained from the tourist information websites of the municipalities, as well as the programme of free guided tours organised by the local councils throughout the year.

Cycle touring, golf and horse riding are other sports that can be practised in Ibiza all year round thanks to the mild temperatures that prevail on average in the different seasons and the range of specialised companies that provide equipment for outdoor sports.

Dress as you like
but with taste

ADLIB IBIZA

Adlib Ibiza's designs are all about freshness, innocence and the philosophy "Dress as you like, but with taste".

It's been quite a while since Adlib fashion, both a lifestyle and a way of dressing, came about in nineteen seventies Ibiza, becoming an emblem of freedom when the hippies who came to the island were fascinated by the local dress and the traditional arts and crafts of the island, which they adapted, mixing them with other cultures and different fabrics.

fashion, creating individual clothes and accessories, and dressing people of all ages and countries with freedom and excellent taste.

Fourteen designers and brands make up the Adlib Ibiza group: Dolors Miró Ibiza, Elisa Pomar, Espardenyes Torres, Estrivancus, Ibimoda, Ibiza Stones, Ivanna Mestres, K de Kose Kose, Monika Maxim Ibiza, Piluca Bayarri, Tony Bonet, S72 Hat, Vintage Ibiza, Virginia Vald.

Today, the Consell d'Eivissa is encouraging and supporting the work of these Ibiza- based designers who have their own workshops and who use varied and different techniques, in the context of a new textile revolution, where they recover the values of their beginnings, namely, sustainable

All of them, each in their own way and with their own unique personality, embody the basic philosophy of Adlib Ibiza's attitude, promoting contemporary fashion trends but always with art and craftsmanship as their flagship, marking them out with their distinctly Mediterranean image.
